

CLE229 'MISSING NDBs?' - EUROPE

Here's my check list of NDBs that were missing from Europe's CLE logs and are maybe now closed down.

I have selected them using judgement, based on:
 when they were Last Logged ('Last Lgd' below),
 the total number of reported Loggings ('Logs'),
 the number of radio countries ('RCs') from which they had been heard
 and those actual countries ('Heard In') compared with where our CLE229 reporters were.

The First logged dates ('1st Lgd') are probably not very useful for this purpose?

Hopefully Don can find NOTAMs (or other advice) to confirm and explain the disappearance, or otherwise, of most of them.
