

MISSING NDBs – NORTH AMERICA

Here is a short list in the 320 – 335 kHz range, made from the large number of NDBs that were missing from North America’s CLE232 logs and may now be closed down.

I selected them using judgement, based on:

- when they were Last Logged (“Last Lgd” below),
- their total number of reported Loggings (“Logs”),
- the number of radio countries (“RCs”) from which they had been heard
- and those actual countries (“Heard In”), compared with where our CLE232 reporters were located.

Our thanks to Don who has searched the NOTAMs, etc., to confirm and explain their apparent disappearance where possible.

His findings are in the final “Notes” column.

The list is in order of the “Last Logged” dates.

kHz	C/S	Location	Cou	st	Logs	Last Lgd	1st Lgd	RCs	Heard In	Notes
323	W4	Jenpeg	CAN	MB	204	2014-06	1999	21	SWE AB AZ BC CA CO ID IL MI MN MO MT NC NE OH ON OR TX UT WA HI	Decom 8/14

Don advises that 'no info' means that he could not find any 'official' reason like a NOTAM for the NDB to be off air. Some of these could have been deleted and the NOTAM removed.

(This is still a recently added kind of report - if anyone spots something wrong please let me know!)
