We apologise for the rather late results - and these even later C's Comments this time. A Bearings CLE does give Joachim and me several extra things to do and we have both had some other unavoidable commitments in the last week or so.

The value of the combined results from a CLE (and, if of any value, the C's Comments) becomes less the longer they are delayed. But well done! - you at least are reading to the end of this.

Coming CLEs: (The usual 'last full weekend of the month' dates - provisional at present)

CLE272 Fri. Sep 24th - Mon. Sep 27th "Normal"

CLE273 Fri. Oct 22nd - Mon. Oct 25th

CLE274 Fri. Nov 26th - Mon. Nov 29th

Good listening
